Subject: Application for Cybersecurity GRC Internship

Dear Hiring Manager,

I am a final year Cybersecurity student at Zambia University College of Technology. As part of my studies, I have taken part in hands on training programs and also participated in the Cyber Talent Hackathon hosted by Digital Safe, where I gained practical exposure to solving real security challenges.

This internship is an opportunity to strengthen my skills in governance, risk, and compliance, particularly in applying frameworks such as ISO 27001, NIST CSF 2.0, COBIT, and Zambia's Data Protection Act. I am motivated to learn from your team, contribute to ongoing projects, and grow into a professional who can add value to the cybersecurity field.

Thank you for your time and consideration. I look forward to the chance to discuss how I can contribute during the internship.

Sincerely,

Trust Musonda.
