**TO WHOM IT MAY CONCERN**

Dear Sir/Madam,

**RE: INDUSTRIAL ATTACHMENT**

This letter serves to confirm that Trust Musonda, holder of Student No. 2200511 is a registered student of the Zambia University College of Technology (Formerly Zambia ICT College) in Ndola. He is pursuing a Bachelors Degree in Cyber Security.

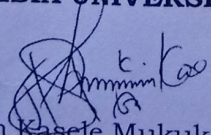

As part of the training to fulfil the requirement of obtaining this qualification, students are required to undergo mandatory industrial attachment.

The value of training can greatly be enhanced if students are given the opportunity to experience how the theories they learn in the classrooms are applied in practice thus in providing industrial attachment to our students, you would be assisting this institution greatly in producing graduates sought after by the industry.

Your kind consideration in this regard will be greatly appreciated.

Yours Faithfully,

**ZAMBIA UNIVERSITY COLLEGE OF TECHNOLOGY**

  
Sam Kasele Mukuka (Mr.)

**HEAD OF DEPARTMENT – SCHOOL OF ICT**
